VICE-PRESIDENT HOBART died at his home in Paterson, N. J., last Tuesday morning, after an illness of several weeks. A peculiar fatality appears to attach to the Vice-Presidency, Mr. Hobart being the sixth statesman who has died while holding that office, to-wit: Geo. Clinton of New York, Eldridge Gerry of Massachusetts, Wm. R. King of Alabama, Henry Wilson of Massachusetts, Thos. Hendricks of Indiana and Garret A. Hobart. Like all Vice-Presidents Mr. Hobart, after being elected to the office three years ago, apparently sunk into obscurity, but for all that for many years previous to his entering upon the Vice-Presidency he was a noted leader in the Republican party. He was speaker of the New Jersey Legislature, a State Senator, President of the New Jersey Senate and Chairman of the Republican State Central Committee by turns. He began life as a poor farmer's boy and many is the night that he went to bed supperless while struggling to get a foothold as an attorney at law. He eventually succeeded and rapidly arose from poverty and obscurity to a position of affluence. At the time of his death he was only 55 years of age and a millionaire.

The introduction of the Australian salt bush into this State by the experimental department of the Agricultural College of the University of California may prove of great value to the owners of reclaimed lands in the Sonoma marshes. For alkali as well as salt lands it is said to have no equal. The plant sends down tap roots that are said to penetrate even hard pan, and it has a wonderful spread of foliage, excellent for stock and far preferable to the wirey salt grass of the marsh lands. It resists the droughts and is destined to become of great value to stock men. A single plant under favorable circumstances will cover an area of sixteen feet.

HERE are some of the terrible things which, according to an exchange, are likely to befall a delinquent: Last week a delinquent subscriber said that he would pay up Saturday if he lived. He's dead. Another, "I'll see you to-morrow." He's blind. Still another said: "I hope to pay you this week or go to the devil." He's gone. There are some we know of who ought to take warning by these procrastinators and pay up their subscriptions now.

THE City Trustees will no doubt decide upon a water proposition, at their next regular meeting, which will soon be submitted to the people. They are now considering the purchase of either the Schocken or Weyl artesian wells. These wells have an immense flow of water, the former rising some sixteen feet above the surface of the ground in sufficient quantities to supply the entire needs of the town.

THE outlook for the Sonoma Valley farmer, fruit-raiser and dairyman never looked brighter at this season of the year, and all look confidently forward to big crops and big prices in 1900.

THE Postoffices throughout the United States will close to-day between the hours of 2 and 4 P. M. out of respect to the memory of the late Vice-President Hobart, whose funeral takes place this afternoon.

LET every flag in town be at half-mast out of respect to the memory of Vice-President Hobart who died in harness and whose funeral takes place to-day.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In Buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

LATEST RUMOR IN RAILWAY CIRCLES.

The Santa Fe Seeking a Tide Water Terminus at Tiburon.

That Tiburon is destined to become at no distant day the tide water terminus of one of the great transcontinental lines of railway hardly admits of a doubt. The tide water facilities of the California Northwestern Railway company at that point are admitted in railway circles to be the finest on the Pacific coast. Tiburon has long been looked upon with covetous eyes by more than one of the railway systems of the West, and now that the Sandwich Islands and the Philippines have become a part and parcel of the United States, with great possibilities looming up for California in near future, it will not be long before the rumor of Tiburon becoming a great railway terminal will become an actual fact. The very latest story in regard to Tiburon is the reported deal between the Santa Fe and the California Northwestern. One of our San Francisco contemporaries last Tuesday asserts that there is good prospect of direct rail communication between Tiburon and Eureka, Humboldt county, for the Santa Fe is reaching out for the trade of the northern coast. The company has recently bonded the Klamath harbor, and immense tracts of timber land. The deal was made with Edgar and Albert Vance, the lumber men and owners of the Klamath railroad. It is understood that negotiations have been effected with the Donahue road, now completed from Tiburon to Ukiah, whereby in the near future that road will be extended to Eureka and Santa Fe cars run into Humboldt county.

Surveys have been made for the extension of the Donahue road, sixty miles above Ukiah. The Anglo-California bank holds \$1,000,000 in escrow for this extension, which will bring the Donahue road within one hundred and ten miles of Eureka. It is said to be the intention of the Santa Fe, as soon as the road from Stockton to Point Richmond is opened, to operate a freight boat between Richmond and Tiburon. These boats will be so constructed that their freight cars can be run on board from the Donahue tracks, carried across the bay and hitched to the freight trains at Point Richmond.

Santa Fe officials say that the intention of the company is to collect freight at every point possible. Boats on which cars are to be placed will ply on the Sacramento and Stockton rivers, seeking shipments of fruits and vegetables. These boats will make landings at Antioch and Stockton, where the Santa Fe has ample wharf privileges. The Donahue and Klamath roads are both prosperous lines, and their purchase is considered a good investment. When the extension is made through to Eureka immense quantities of lumber will be shipped over the Santa Fe.

The Crescent Club. The members of the Crescent Club to the number of twenty-five met in their temporary quarters last Tuesday evening. A committee of two, consisting of Frank Burris and Hartley Gottenberg, were appointed to make all the necessary arrangements for an entertainment and hop which is to be held about the middle of December.

The Latest Yarn. A Pittsburg drummer tells this yarn I always carry a bottle of Kemp's Balsam in my grip. I take cold easily and a few drops of the Balsam always make me a well man. Everywhere I go I always speak a good word for Kemp. I take hold of my customers—I take old men and young men and tell them confidentially what I do, when I take cold. At druggists, 25c. and 50c.

COUNTY NEWS ITEMS.

Herbert Mayes of Petaluma was injured at Windsor on Saturday. A puncher of wine rolled upon him. It is feared that he is hurt internally. The will of the late G. B. Williams has been admitted to probate in Judge Dougherty's department of the Superior Court. C. R. Williams and G. P. McNear were appointed executors.

AN ARTISTIC ENTERTAINMENT.

Two days of last week the ladies of the Congregational Church held a "Mother Goose Market" in Union Hall. The ladies certainly exerted their best efforts in making this Fair one of the most attractive ever held in Sonoma. The hall was magnificently decorated in various colored bunting, palms, flowers and evergreens. With these were the handsomely decorated booths which lined the sides of the hall and presided over by ladies costumed in fancy attire in keeping with the times they aimed to represent; and as to the crowd present it was the largest ever seen at one of these gatherings. The programme, as presented on each evening, was attractive and entertaining. The tinkler chorus from "Robin Hood" was loudly applauded, as was the "Milkmaids' Chorus," in which a large number of Sonoma's handsomest young ladies took part. Much praise was bestowed upon their marching, singing and picturesque costumes. The play presented on Friday evening was a clever bit of acting and the characters were well sustained by Hartley Gottenberg, Dr. Rich, Misses Elsie Appleton and Bessie Knight. After the programme those who wished to patronize the booths had a hard time working their way toward them, but soon the jingle of coin could be heard as it went to pay for the delicious refreshments and beautiful fancy articles. This Fair made all who attended lighter of pocket but happy in the thought of having aided a good cause.

GLEN ELLEN.

N. R. Hansen of Glen Ellen was a visitor at the county seat Tuesday.

Mine host Harrison of the Mervyn Hotel visited Sonoma last Wednesday on business.

John M. Hendley and J. D. Brown were Glen Ellen visitors to Sonoma Wednesday last.

Mrs. A. R. Harrison and a party of friends attended the Nane O'Neil performance in Santa Rosa last Monday night.

Mr. Henshaw, the owner of the old Clark ranch, is traveling in Australia and will be absent several months.

Wm. Gilchrist, manager of the Henshaw place, formerly known as the Clark ranch, visited Sonoma last Wednesday.

August Martens has been superintended as Roadmaster of the Glen Ellen District by ex-Deputy Sheriff Harry Weise.

The town flag was floating at half-mast several days this week out of respect to the memory of Vice President Hobart.

Mrs. J. B. Small and Mrs. J. A. Poppe of Sonoma attended a reunion in this place Tuesday, the occasion being the birthday of Postmaster Chas. Poppe.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

Does Your Back Ache?

In constant pain when on your feet? Is that dragging, pulling sensation with you from morn till night? Why not put the medicine exactly on the disease? Why not apply the cure right to the spot itself? You can do it with

Dr. Ayer's Cherry Pectoral Plaster

Immediately after the Plaster is applied, you feel its warming, soothing influence. Its healing remedies quickly penetrate down deep into the inflamed tissues. Pain is quieted, soreness is relieved and strength imparted. No plaster was ever made like it. No plaster ever acted so quickly and thoroughly. No plaster ever had such complete control over all kinds of pain.

Placed over the chest it is a powerful aid to Ayer's Cherry Pectoral; relieving congestion and drawing out all inflammation.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a costive condition is easily cured by using Syrup of Figs, manufactured by the California Fig Syrup Co. only, and sold by all druggists.

DISASTROUS RUNAWAY.

Narrow Escape of Andrew Gowan—Horse Killed.

On Saturday afternoon last as Andrew Gowan was driving into town in a go cart a runaway horse, attached to a spring wagon, ran him down near the Catholic church. The runaway, which belonged to A. Pinelli, approached from the rear unseen and collided with Mr. Gowan's rig with great force. So terrific was the impact that both the runaway and Mr. Gowan were thrown headlong to the ground. The unlucky driver fell alongside the struggling horse and amid the wrecked vehicles, but miraculously escaped with a slight abrasion on the right cheek. The runaway horse was not so fortunate but lay where he fell, the blood gushing in great streams from his mouth and nostrils. The animal subsequently died from the effects of the internal injury it received. The horse driven by Mr. Gowan, seeing that he was without a guiding hand, also ran away. The latter animal ran through all the principal streets of town causing many people to flee for their lives, and finally came to a standstill on the Engler farm one mile west of town. The runaway was witnessed by a large number of people and put almost as much life into the old town as a two-ringed circus or a bond election.

OFF HIS BASE.

Mildred Rialto Has Her Husband Arrested.

Mildred Rialto, the clever little electrical dancer, who was recently billed to give a performance in this place, but which proved a rank failure owing to the erratic conduct of her husband, who is her business manager, caused his arrest in San Francisco last Monday. Her experience with her spouse in this place caused her to separate from him shortly after their return to their home in the city, 800 B Webster street. Madame Rialto, in swearing to the warrant for the arrest of Rialto, alleges among other things that they are separated but that he stands all night in front of her home flashing a bull's-eye lantern on the house. That whenever she goes out upon the street he seizes her and vociferously blows a police whistle. She believes him crazy and asks the protection of the law. Madame Rialto is well-known to the people of this place as a clever actress who at one time resided in this valley.

THE NATIVE SONS.

Their Grand Ball on New Years Night.

The committee of Native Sons having in charge the grand ball at Union Hall on New Years night have engaged the hall and music for the occasion and will make the ball the social event of the holiday season. Already a large number of young ladies and gentlemen from outside towns and San Francisco have signified their intention of being present.

The Will of the Late William Green.

The will of William Green, who died in Schellville, November 2d, 1899, was filed for probate last Saturday morning. One-half is left to the widow, the remainder being bequeathed to the four children of the deceased, Carrie Lund, Katie Wise, William C. Green and Louis H. Green. The estate is valued at about \$1850. Louis H. Green is nominated to be executor, and his petition accompanies the will, which bears date October 25th, 1899. Robert A. Poppe is the attorney for the estate.

Wedding Reception.

Mr. and Mrs. Peter Yenni, who were married in San Francisco on Wednesday of last week, held a wedding reception on Mrs. R. J. Snyder's ranch on the south side of Sonoma creek on Saturday night last. A sumptuous feast was set before the guests, after which dancing was indulged in until broad daylight. Mr. Yenni, the groom, is a nephew of Mrs. Elizabeth M. Marti.

Thanksgiving Services.

There will be Union Thanksgiving services in the Methodist Church next Thursday morning at 11 o'clock. Rev. C. D. Milliken, pastor of the Congregational church, will deliver an instructive and entertaining sermon. There will also be singing by the congregation and anthems by the choir. All are invited to attend.

THE FIRE BELL.

Power House of the Electric Light Company Has a Close Call.

On Friday night of last week about 9:30 o'clock the people of this place were startled by a cry of fire and the ringing of the alarm bell. Dense volumes of smoke were seen to emerge from the rear of the power house of the Electric Light Company. Many hastened toward the scene but after going a short distance turned back, fearing that the gasoline drums in the tank house might explode. A few daring men, however, among whom were C. T. Ryland, S. Ciucci and Julius Fochetti, entered the smoking power house and discovered engineer Astill, heroically battling with the flames, which he already had under control. These immediately went to his assistance and soon every vestige of the conflagration had disappeared with the exception of the charred north sides of the building.

The fire was caused by a lighted candle falling into a small well near the engine and igniting a quantity of gasoline which had leaked from a pipe attached to the engine into the well. The instant the candle came in contact with the gasoline it was ignited and the flames from the burning oil leaped almost to the ceiling. Engineer Astill, with great presence of mind, attempted to smother the flames with a blanket but could not approach near enough to do effective work. He then attacked the fire fiend with buckets of water, in which he was aided by Messrs. Ciucci, Stockwell and others, and the fire was soon put out. The damage to the building and machinery was remarkably slight and \$2 will cover the entire loss.

The Electric Light Company has had a deal of trouble with its plant since it started up over a year ago last October. In fact it has been a perfect hoodoo on its stockholders.

Will Return to Their Old Sonoma Home.

Mr. and Mrs. David Burris and family, who left here about sixteen years ago for Traver, Tulare county, will return to their old Sonoma home about the middle of next month, where they will take up a permanent residence. Mr. and Mrs. Pearce, who now occupy the Burris homestead, have leased the Wagner cottage on Broadway into which they will shortly move.

Strange Disappearance.

Another mysterious disappearance at Novato. Last week George Ludwig, who has been employed as head man on the Ferris ranch, dropped from sight. His going is likened to that of William Johnson, the blacksmith, also missing. Ludwig had accumulated considerable wealth, and his disappearance has set the people of the village a thinking who next will disappear. The people are greatly worked up over the affair, and are assisting the officers in every way to unravel the mystery.

The Rainfall.

The rainfall in this valley up to date has been 10.61 inches. The ground received a thorough soaking last Tuesday and even though there be no more rain within a week there will still be too much moisture in the soil in low places for plowing.

A Horse on the Other Fellow.

Wm. Kerner of the "O. K." visited San Francisco several days this week. During his absence Tony Kiser had charge of the place and razzle-dazzled every one of Bill's customers.

There will be an adjourned meeting of the Trustees of the Sonoma Valley Union High School next Saturday afternoon at 2:30 o'clock for the purpose of discussing repairs on the school building.

RUINART STOCK FARM.

R. Porter Ashe Has His Lease Attacked.

George R. Eaton, as assignee of Mary E. Pleasant, better known as "Mammy," has commenced an action in the Superior Court of this county against Teresa Bell and R. Porter Ashe, which the plaintiff asks the court to decree that a purported deed made by Mrs. Pleasant in favor of Teresa Bell to Ruinart Stock Farm, near Glen Ellen, containing 1000 acres, and the lease of the property to Ashe, are null and void, the court being asked to cancel the same.

The plaintiff alleges that Mrs. Pleasant gave a deed in 1895 for the purpose of defrauding her creditors and that Mrs. Bell never received the same. It is also alleged that the defendant Ashe knew the conditions when the lease of the property was made to him.

Guilfoyle-Watt.

Mr. John Guilfoyle and Miss Agnes Watt of Schellville were married at the residence of Mr. Matt Watt, father of the bride, at high noon last Wednesday. The ceremony was performed by Rev. Mr. Milliken, pastor of the Congregational church of this place, in the presence of the relatives of the contracting parties and a few intimate friends. Miss Margaret Watt, sister of the bride, acted as bridesmaid and Jos. Guilfoyle, brother of the groom, did the honors of best man. The bride was gowned in a pale green traveling suit trimmed with white silk. After the ceremony a wedding dinner was served.

The young married couple took the afternoon train for San Francisco and Oakland where they will spend their honeymoon. Upon their return they will take up their residence on the Lord ranch of which Mr. Guilfoyle is the manager.

Y. M. I.

The ball to be given by the Young Men's Institute on Thanksgiving Eve ought to be well attended by our party-going people. The young gentlemen comprising this society have never been backward in attending the balls and entertainments given by other societies and clubs in this place and on more than one occasion have by their presence made these affairs a financial as well as a social success.

Output of the Klondike.

No one will ever know exactly how much gold was taken from the Klondike fields the past season. The estimate ranges from \$10,000,000 to \$25,000,000. Since the English Government imposed a royalty of 10 per cent, the miners have adopted all sorts of ruses to evade the law. It is rather a difficult operation to dodge taxes, but it is more difficult still to dodge a bad cold and the grip at this time of year. When the system is weakened by such attacks, and the blood becomes thin and impoverished, the best medicine to take is Hostetter's Stomach Bitters. This remedy builds up the system. Besides regulating digestion, it overcomes constipation in a perfectly natural way. It is good for the kidneys and liver, too, stimulating each of these organs into the proper performance of their functions. Nothing is so good for malaria.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge as often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

When You Buy an OVERCOAT Buy a Good One.

YOU SAY YOU CAN'T AFFORD A GOOD ONE?

Yes you can if you go to the Right Place to BUY.

A big price does not always insure a Good Coat. Neither does a low price always mean a Poor Coat. We have combined

GOOD CLOTHING WITH LOW PRICES.

To an extent that quite surprises our customers. The "leaders" no longer lead. THE RACKET STORE, claims to sell more Clothing than any other store in PETALUMA. Why is this change of business? The quantity of the goods we sell and the prices at which we sell them is the reason the

Racket Store is Always Crowded with Customers.

Others talk about being busy, largest stock, lowest prices, always in the lead, etc. We wish to say that we probably have the

Largest and Finest stock of Overcoats

That ever came to Petaluma. We have them

As Low as \$5.00 and as High as \$18.00 in Mens' and from \$1.50 to \$8.50 in Boys.

There is hardly anything finer to be had than our finest and our cheapest good serviceable Coats. We invite you to look at them. And those other goods, such as

Warm Mittens, Wool Underwear, Shoes and Rain Goods

We have them, too.

SONOMA, SATURDAY, NOV. 25, 1899.

Tested Her Strength.

Charley M. was at home from college, spending his summer vacation. The M.'s were people fairly well to do, and Charley was passing the forenoon very comfortably on the cool and shady veranda.

Down by the barn yard fence, in a neglected place, a crop of strong, healthy weeds had sprung up and flourished under the summer sun. Left unmolested in the rush of work on the farm, they were fast becoming a blot on the otherwise orderly premises, and that morning Charley's father—the "old man"—had sallied forth and was now making a vigorous assault upon the patch.

Suddenly he left off his work and came up into the yard. Taking a broomstick which happened to be leaning against the veranda, he laid it on the grass, then turned to Charley and said:

"Git down here and see if you can pull me over that stick."

He held in his hand a small chain, in each end of which was inserted a stout stick to serve as a handle. Then the tug began and developed into quite a spirited contest. But at last Charley succeeded in dragging the old man across the line.

"There, that'll do," he said, dropping his end of the chain. "I guess you've got strength enough to pull them weeds down there by the barn."

"I never said a word," said Charley, telling the story afterward. "But before noon there weren't any weeds left standing."—Youth's Companion.

Dense Ignorance.

It is almost impossible to imagine an ignorance so dense as that said to be possessed by the average French conscript from the provinces. Did it not exist, however, his conduct from the city, who writes about garrison life, would hardly have told about it. One day a fiery adjutant questioned Jacques, the provincial:

"Come!" he said, "you are a Frenchman—a soldier; do you know why you are here instead of working in the fields? I ask you why you are here—a soldier? You give no answer. Have you never heard of the Germans?"

"No, my adjutant."

"You have never heard of the Germans? What is Germany?"

"I don't know."

"Are you a Frenchman or a German?"

"I don't know."

"This is wonderful! Where were you born?"

"At Vaucouleurs, my adjutant."

"At Vaucouleurs, and not a patriot! Did no one ever tell you of the invasion?"

"No, my adjutant."

The clerks in the registration offices in many American cities relate wonderful ignorance of would be American citizens, still it is doubtful whether any one of them has had to deal with a Jacques de Vaucouleurs.

A Way Out of the Difficulty.

One day, as Jock Samson was at work in the harvest field, he was busy on the top of his cart loading the sheaves, and the farmer was below pitching.

All at once Jock wondered why no sheaves were being delivered to him, and, hearing sounds of puffing and blowing below him, he looked over the side of the cart and saw the old farmer vainly trying to lift the wheel off a sheaf of corn.

The perspiration was streaming down his face, and, hearing Jock laughing above him, he looked up and cried:

"What are you laughing at? Come down and gie's a lift!"

"Losh, man," says Jock, "can ye no move forrit the horse?"

"Losh me!" cried the farmer, throwing down his hat on the ground in astonishment at his own stupidity. "I never had a thought o' that!"—Scottish Nights.

The Bernhardt Is a Row.

Less than a year after my debut at the Theatre Francaise my sister Regina one evening accidentally took on Mme. Nathalie's train. Mme. Nathalie, who was one of the leading ladies, pushed the poor girl so roughly that she knocked her head against a corner, and the blood came. I immediately "went for" Mme. Nathalie, gave her a resounding smack and called her a great stupid!

The men were delighted, but the affair created a terrible scandal. The manager told me I must apologize to Mme. Nathalie. I replied:

"I will apologize to Mme. Nathalie if she will do the same to my little sister."—Huret's "Sarah Bernhardt."

An African Pocket Handkerchief.

I must not forget one particular, unique of its kind, of the most simplified toilet of the Barotsi, the pocket handkerchief. This consists of a thin blade of iron, finely wrought, with the handle of the same material. The whole is perhaps four or five inches long by one or two inches wide, and is hung round the neck by vegetable fibers or tendons. In blowing their noses they use it as a spring with extreme dexterity, which I can say from experience is not a pleasant thing at a camp fire.—"The Kingdom of the Barotsi."

The Baby's Present.

Mrs. Lash—What did you get baby for a birthday present?

Mrs. Lash—I took \$4.00 out of the little darling's bank and bought him this lovely lamp for the drawing room.

No Luck in a Horseshoe.

"Do yer believe there's luck in a horseshoe, Dennis?"

"Not a bit, Norah; hung wan over the childer's cradle an it fell an bruk his nose."—Boston Commercial Bulletin.

Inconsistency.

Every redheaded boy is called "reddy." Why aren't redheaded girls called something?—Washington Democrat.

Notice of Business Change.

The old saying that "the unlooked-for always happens" may be true in the present instance. The Sonoma News is no more! Having sold the paper and its good will to Mr. Granice, the business and subscription books pass into his hands. Those who are in arrears for their paper will please pay Mr. Granice and those who have paid in advance will receive the INDEX-TRIBUNE to full extent of their subscriptions.

There are three reasons I might give for making this change. It is well known that I did not buy the News with the intention of running it myself. A person usually sells a commercial commodity when the price asked is accepted. The third reason is the more potent one—our patronizing territory is too limited to properly support two weekly newspapers.

But we do need and must have for the weal of the commonwealth one good, wide-awake paper, which shall be alive to the best interests of our people, and such a paper Mr. Granice will be able to furnish us providing he has the good will and support his paper merits. So we sincerely hope all our subscribers and patrons will lend a hand.

With a thank you to our friends and wishes for the success of the INDEX-TRIBUNE we break our quill. E. E. THOMPSON.

Used by British Soldiers in Africa

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Ghalishe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial." Chamberlain's Pain Balm Cures

Others, Why not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.—ADOLPH L. MILLER, Manchester, N. H. For sale by F. Duhring.

A Minister's Mistake.

A city minister was recently handed a note to read from his pulpit. Accidentally he was clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kemp's Balm, the best cough cure." This was hardly what he expected and after a moment's hesitation he turned it over, and found on the other side the name intended for the reading.
